CANOE SPORTS

Dear FISU Family Members, Dear Athletes and Friends,

On behalf of the Hungarian University Sports Federation (MEFS), it is a great honour to welcome you all to Sukoró for the 2026 FISU World University Championships Canoe Sports.

For us, sport is much more than physical activity – it is a cultural and educational force that unites people, strengthens communities, and shapes future generations into responsible, healthy, and resilient individuals. Hosting this prestigious FISU event is a proud milestone in our long-standing commitment to university sport and international cooperation.

Canoe Sports, a dynamic and demanding discipline – and one of Hungary’s most successful – perfectly embodies the values we strive to instil in our students: teamwork, determination, discipline, and mutual respect. These qualities are not only essential on the Regatta Course but are equally vital for academic achievement and active citizenship. We believe university sport is a powerful bridge between competitive excellence and personal growth, and this championship serves as a clear example of that connection.

We are delighted to welcome student-athletes from around the world to Hungary and to the beautiful Lake Velence region. Our goal is to create an inspiring and inclusive environment where competition, learning, and lifelong friendships can thrive. In the true spirit of FISU, we see this event not merely as a quest for medals but as a celebration of youth, sport, and unity.

I wish all participants a successful and memorable championship filled with outstanding performances, fair play, and meaningful experiences both on and off the Regatta Course. May your time in Sukoró remain a cherished chapter in your university journey.

With kind regards,
Prof. Dr. h. c. Lajos Mocsai
