

1ST PADEL “INCLUSIVE DRAW” TOURNAMENT

Dear participants of the FISU World University Championship Padel:

We warmly welcome you and are delighted to take this exceptional opportunity to invite you to participate in a very special initiative.

In this edition, alongside your competitions, Palas para Todos Association and the Organising Committee have decided to take one step further. We firmly believe that sport is a powerful vehicle for inclusion and that your energy and influence as university students and elite athletes can be the strongest voice in promoting a message of integration and equal opportunities.

That is why we are proud to present the 1st Padel “Inclusive Draw” Tournament. This parallel competition will bring together boys and girls with intellectual disabilities to demonstrate that padel knows no barriers. Rather than simply inviting you to watch, we would like to encourage you to become an active part of this unique experience.

To make this possible, we have created a special category called “Champions”, exclusively for you, the university athletes. In this category, you will share the court with a player from the association, experiencing firsthand their enthusiasm, determination, and passion for the game while discovering the inspiring journey of each participant.

If you would like to become one of our “Champions” and take part in this unforgettable experience, join us on 9, 10, or 11 July between 9:00 and 11:00 a.m. All you have to do is come to the courts, step onto the court with one of our association players, and enjoy an experience that we hope will stay with you for a lifetime.
